Subject: Response to Objection Regarding My Proof of Claim – FTX Trading Ltd., Case No. 22-11068,
Claim No. 8344.

Dear Sir or Madam,

I am writing in response to the objection filed against my Proof of Claim in the bankruptcy proceedings of FTX Trading Ltd. I respectfully provide the following clarifications and requests for review:

1. TRX (Tron) Assets

At the time of FTX's shutdown, I held a balance of **139,310 TRX** on my FTX account. Based on the valuation of TRX on the FTX platform during the suspension of services, the value of my TRX exceeded **\$30,000 USDC**.

It is important to note that during the liquidity crisis, the FTX management, including its CEO, actively encouraged users to convert their assets into TRX to facilitate withdrawals. This decision caused a significant artificial increase in the price of TRX on the platform, decoupling its value from market prices on other major exchanges (e.g., Binance, Kraken).

Request:

- I request that the valuation of my TRX be recognized based on the prices reflected on the FTX platform at the time of its closure, amounting to over **\$30,000 USDC**.
- 

2. Missing NFTs

Additionally, I held several NFTs on my FTX account, specifically:

- FTX MOON #184
- FTX MOON #170
- FTX MOON #228

These digital assets were part of my holdings on FTX and do not appear to be accounted for in the current valuation of my claim.

Request:

- I request a thorough review of FTX's internal records to ensure that these NFTs are included in my claim.

The inability to recover my digital assets, combined with the extended uncertainty regarding their status, has caused significant financial harm and emotional distress. As a customer acting in good faith, I could not have predicted the sudden shutdown of the platform or the resulting consequences.

I remain available to provide any further information or clarification needed to accurately evaluate my claim.

Thank you for your attention to this matter. I look forward to a favorable resolution.

Sincerely,

PRESEDO Gabriel

FTX ✓
@FTX_Official

FTX Announcement Regarding the Tron Credit Facility:

We are pleased to announce that we have reached an agreement with Tron to establish a special facility to allow holders of TRX, BTT, JST, SUN, and HT to swap assets from FTX 1:1 to external wallets.

SBF ✓
@SBF_FTX

We hope this is just step one: beginning to find ways to bring liquidity to users.

That is the core thing that I am fighting for right now, and will continue to fight for in whatever ways I can.
